## Gladys Waldron is stepping down after 40 years

Gladys is an amazing woman; a dynamo. As a Board of Education member since 1978, she has made countless contributions to the educational experience the students of Smithtown have received and it is the opinion of many that because of her influence and dedication, Smithtown has become one of the stellar districts on Long Island.

*Our children have been in the loving hands of a compassionate guardian!*

*Thank you for your many years of service.*

If you can make the October 22nd deadline, Gladys' family is compiling notes and pictures from her Smithtown colleagues and friends. Please send them to:

## Why We are *Making Strides* on Oct 20th

NYSUT members from Long Island will be taking part in the annual

### **Making Strides Against Breast Cancer WALK**

to be held at **Jones Beach Field 5 on October 20th**. NYSUT has been a flagship sponsor of the American Cancer Society event since 2002. We are thrilled about the difference that our members and their families are making to

help eliminate breast cancer as a life-threatening disease. Last year, NYSUT members from across the state generated more than \$722,270 in donations for the American Cancer Society. Money raised as a result of the **Making Strides** walks is earmarked for research, education and support services. Since our involvement, \$12 million has been raised to fight the disease with research; provide information and services; and afford access to mammograms for women who need them. If you can, please donate at [www.nysut.org/join](http://www.nysut.org/join) making strides or send your check (made payable to **AMERICAN Cancer Society**, and include **SMITHTOWN RETIREES** in the memo) to:

**NYSUT Regional Office, 150 Vanderbilt Motor Pkwy, Hauppauge, NY 11788**

# News of Members

*As retirees, we have the opportunity to undertake many diverse and interesting activities and trips. We welcome any stories, poems, adventures or whatever you would like to share..*

**Grace Pergolizzi:** **GET WELL SOON!** Sincere Best Wishes for a speedy recovery!

**Heather Gilkey:** **I DID IT!** Since retiring from Smithtown in 1991, one of the items on my bucket list has been to swim with a dolphin. Well this past July, I, along with the New York Gilkey family, got to do just that. Discovery Cove, one of the Sea World parks in Orlando, FL, offers this experience to those who are interested in taking such an "adventure". Who has the bigger smile and is having more fun? I highly recommend you try it. I'd do it again in a heartbeat.

**Bobbi Miller:** Continued good luck on your road to recovery after your recent hospital stay.

*By doing what you love, you inspire and awaken the hearts of others.*

Bobbi has inspired her students while in the classroom, and continues to inspire those of us around her by just being 'Bobbi'.

Get well soon, dear friend. Best wishes that you're getting better and stronger each day.

**Arthur Bryton:** Greeting from the Valley of the sun! At this writing, the weather is starting to break in favor of pleasantness. In a short period of time, we can resume our outdoor activities, hiking, golf, and reading on our patio.

This past July marked our 26<sup>th</sup> year in Arizona and our 25<sup>th</sup> year in deciding where to go during the hot summer months. Our escapes have included Europe, most of Canada, and the western states of California, Oregon, and Washington. This year we decided on Chicago, after our California condo fell through.

32 days in the windy city proved to be delightful. The weather was in the high 70s and low 80s, with only 4 exceptionally hot days and only 3 hours of rain. The architecture is amazing. There is a wonderful blend of the old, (Art Deco), with the new. Getting around is easy. We decided on no car and instead used our feet, along with Uber and Lyft. Lake Michigan is magnificent and could be mistaken for an ocean. Walking along Lake Shore Drive is invigorating. The river walk along the Chicago River is aesthetically beautiful, with its numerous bridges. A highlight is the architectural cruise along the river with an interesting narrative from the guide in describing the history of the iconic buildings and structures.

Attractions are plentiful. Highlights include the Chicago Art Institute, The Chicago History Museum, the Shedd Aquarium, Millennium Park concerts, Navy Pier, and the Sky Deck, in the old Sears Tower. Our side trips included, Frank Lloyd Wright's home and studio in Oak Park, the Botanical Gardens in Glencoe, Illinois and the beautiful Bahai Temple in Wilmette. A 1.5 hour Amtrak trip to Milwaukee allowed us to see the exceptionally beautiful Milwaukee Art Museum, situated along Lake Michigan. Best of all was taking the elevated subway three stops to Wrigley Field to see a Cubs game. Although a long time Yankee fan, it brought back many great memories.

It was a great 6 week getaway. I recommend all my east coast friends and past colleagues to consider it for a vacation. Don't miss the deep dish pizza at Geno's or Giordano's.

# OFF THE CUFF

by John Pettit

I hope everyone had a most pleasant, restful summer. While Labor Day doesn't produce the same feelings (you fill in your own choices) that returning to school did in pre-retirement years, it signals the time for your SSRA to gear up for business.

**Membership/Dues:** As you probably recall, we collect annual dues (\$15.00) as of the first of each year -- please include the form **on the back cover page** of this issue with your dues payment. Remember to keep us up-to-date with any changes to your contact info: address, email and/or phone numbers. (While we will utilize your *primary home address*, we will also include your cell number, if provided.)

**Newsletter:** Regarding the delivery of this Newsletter: While most similar organizations have moved totally over to an email format for delivery of their publications, we realize that would create real difficulties for some of our members so we intend to continue to offer printed/mailed copies to those who require it. Nonetheless, almost half of our membership have asked for the printed format and the cost of printing and postage is becoming significant. Please consider receiving this Newsletter in the electronic format (by email), from which you can easily print your own paper copy. Please indicate that choice on the **form on the back cover page** when you renew your dues. **E**=electronic / **P**=Paper copy

**Luncheon:** Our Annual Luncheon will again be held on a Wednesday, in the Spring.

A few suggestions have been offered for possible sites and I am looking into each of them. Prime considerations include: menu, convenient location, size of room and cost (prices have risen significantly).

I really can't make reservations until the new year so your suggestions are always welcomed.

**A Thought:** "We are all born ignorant,  
but one must work hard  
to remain stupid."  
~ Ben Franklin (1790)

A man spoke to each of his 3 sons when he sent them off to college...

"I feel it's my duty to provide you with the best possible education, and you do not owe me anything for that. However, I want you to appreciate it. As a token, I want each of you to put \$1,000 into my coffin when I die."

And so it happened. His sons became a doctor, a lawyer and a financial planner, each very successful financially. When their father's time had come, and they saw their father in the coffin, they remembered his wish.

First, the doctor put 10 newly printed crisp \$100 bills onto the chest of the deceased.

Then, the financial planner also put \$1,000 there in 20 newly printed crisp \$50 bills.

Finally, it was the heartbroken lawyer's turn. He reached into his pocket, took out his checkbook, wrote a check for \$3,000, put it into his father's coffin, and took the \$2,000 cash.

The lawyer is now running for Congress, *possibly in your district*.....

## 25th Anniversary of the Retirees' Breakfast Club!

On the first day of school, September 1995, the Retirees' Breakfast Club was born. It was the brain-child of Carol Schepers who wanted to keep in touch with colleagues with whom she had worked side by side for so many years, knowing that people can drift apart after retirement. So she recruited Lou DeBole, George Makris, and Dorothy Ascoli.

Carol Schepers, Dottie Ascoli, Lou DeBole, George Makris

They held their first meeting of the Retirees' Breakfast Club at Maureen's Kitchen 25 years ago!!

Over the years, the club has grown! On any given Wednesday at 9:30 in the morning, there can be as many as 25 'old friends' eating together and sharing their lives. The venue has since moved from Maureen's Kitchen to Excalibur diner in St. James to the Millenium diner in the heart of Smithtown, and now to its current meeting place, the Hauppauge Palace diner on Route 347 and Route 111. Our waiter Jerry has come to know each one of us and our individual breakfast order! We celebrate birthdays, homecomings for members who live out of town, and share in the joy of each other's company.

Needless to say, close friendships have become even closer, and new friendships have formed. We travel together; plan entertainment and parties; make trips to the theatre and the movies; provide one another with transportation to doctors, if needed; and comfort each other with advise and healing. This idea, which started out as no more than a few eggs and a cup of coffee, has become a support group of wonderful retired friends from all of the factions of employees in the Smithtown Central School District.

So if you're free on a Wednesday morning, and want some good food and some good conversation, meet us at the diner. Hope to see you there!

- Once you're in heaven, do you get stuck wearing the clothes you were buried in for eternity?
- What disease did cured ham actually have?
- How is it, we put a man on the moon before we figured out it would be a good idea to put wheels on luggage?

# News from your NYS Retirement System

## The cost-of-living adjustment benefit payments is 1.0% for September 2019 through August 2020

### (C O L A)

As a result, an eligible retired member with a maximum retirement benefit of \$18,000 or more received a maximum increase of \$15 per month beginning with the September 2019 payment. (Eligible members receiving a maximum retirement benefit under \$18,000 received a lesser monthly increase.)

This latest COLA brings the cumulative maximum monthly increase since COLA legislation was enacted in 2001 to \$363 (see chart below).

New York's permanent, automatic COLA is designed to help offset inflation's adverse effects on the fixed retirement benefits of the state's public retirees. By law, the COLA can be no less than 1% and no more than 3% annually and is applied only to the first \$18,000 of the retirement benefit. The COLA percentage is calculated by taking 50% of the Consumer Price Index (CPI) increase from one March to the next and rounding up to the nearest tenth. The CPI increased 1.86% from March 2018 to March 2019.

### COLA Eligibility

To be eligible for a COLA, you must either be:

- At least age 62 and retired at least five years; or,
- At least age 55 and retired at least 10 years; or,
- A retiree receiving a NYSTRS disability benefit for at least five years (regardless of age); or,
- A surviving spouse of an eligible retiree receiving a lifetime benefit. (By law, the spouse receives an increase equal to one-half the COLA the retiree would have received.)

Retirees who become eligible for the COLA after September will receive their adjustment when first eligible.

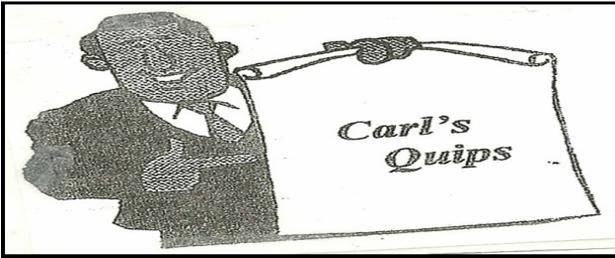

### COLA Percentages and Maximum Increases

<u>COLA Effective Date</u>	<u>CPI Increase</u>	<u>COLA</u>	<u>Maximum Monthly Increase*</u>
September 2019	1.86%	1.0%	\$15.00
September 2018	2.36%	1.2%	\$18.00
September 2017	2.38%	1.2%	\$18.00
September 2016	0.85%	1.0%	\$15.00
September 2015	-0.07%	1.0%	\$15.00
September 2014		1.51%	1.0%
			\$15.00

\*Maximum monthly increase for eligible retirees with a maximum retirement benefit of \$18,000. Retirees receiving a maximum retirement benefit less than \$18,000 received a lesser monthly increase.

We're all at that age where colonoscopies are a fact of life. A physician claimed that the following are actual comments made by his patients (predominately male) while he was performing their colonoscopies:

1. Take it easy Doc. You're boldly going where no man has gone before.
2. 'Find Amelia Earhart yet?'
3. 'Can you hear me NOW?'
4. 'Are we there yet? Are we there yet?'
- 5 'You know, in Arkansas, we're now legally married.'
6. 'Any sign of the trapped miners, Chief?'
7. 'You put your left hand in, you take your left hand out...'
8. 'Hey! Now I know how a Muppet feels!'
9. 'If your hand doesn't fit, you must quit!'
10. 'Hey Doc, let me know if you find my dignity.'

**And the best one of all:**

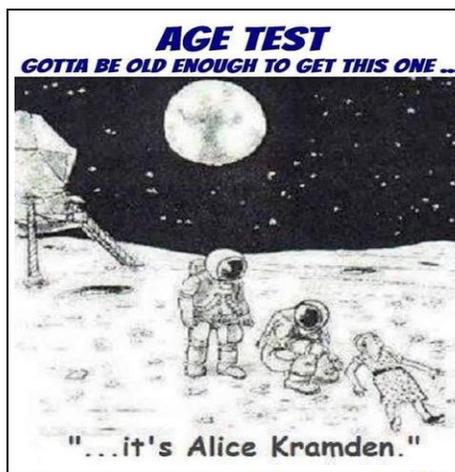

13. 'Could you write a note for my wife saying that my head is not up there!'
